# INTRODUCTION

Flanigan-Pearson Co., publishers of the Champaign and Urbana City Directory, present to subscribers and the general public, the 1939 edition. Two new features, the designation of tenant-owned homes and the designation of homes and places of business having telephones, mark this edition.

Confidence in the growth of this community's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Campaign and Urbana to the world.

The enviable position occupied by the Champaign and Urbana City Directory in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Champaign and Urbana Directory will fulfill its mission as a source of authentic information pertaining to the community.

## Five Major Departments

The five major departments are arranged in the following order:

THE MISCELLANEOUS DEPARTMENT, on white paper, presents lists of city and county officials; statistical review; and manufacturing, trade and civic surveys.

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is included in pages 1 to 337, on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Champaign and Urbana, and the name, official personnel, nature and address of each firm and corporation.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, begins on page 449. In this section the names of the streets are arranged in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Two new features are included in this section. They are the designation of tenant-owned homes and the designation of homes and places of business having telephones.

THE BUYERS' GUIDE, beginning opposite page 340 and separately paged from 1 to 40, on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of Champaign and Urbana. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Champaign and Urbana, the necessity of having this kind of infor-

mation immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 401 to 448 on white paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

### **Community Publicity**

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Champaign and Urbana. There are more than 450 of these Directory Libraries, installed and maintained in the chief cities of the U. S. and Canada through the courtesy of members of the Association of North American Directory Publishers, under whose supervision the system is operated and of which the Flanigan-Pearson Co. is a member.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

Flanigan-Pearson Co.,  
Publishers.

# CHAMPAIGN AND URBANA

## HISTORICAL, DESCRIPTIVE AND STATISTICAL SKETCH OF THE TWIN CITIES

### CHAMPAIGN

#### Statistical Review

FORM OF GOVERNMENT—Commission.

POPULATION—1930 U. S. Census, 20,348; local estimate at present, 23,000. American-born, 97%.

AREA—10 square miles.

ALTITUDE—743 feet above sea level.

PARKS—23, with total of 78 acres.

ASSESSED VALUATION—\$13,744,659, with \$5.39 per \$100 tax rate.

FINANCIAL FACTS—4 banks, with total deposits of \$11,162,287.84 (Sept. 28, 1938), and total resources of \$12,262,843.19 (Sept. 28, 1938).

POSTAL RECEIPTS—Approximately \$250,000 annually.

TELEPHONES IN SERVICE—10,100.

INDUSTRY—Chief industries of city and surrounding territory: Manufacturing and agriculture. 27 manufacturing establishments, employing 391 workers, paying wages of \$458,167 annually, and having products valued at \$3,604,996 (last report). Principal manufactured products: Drop forgings, gloves, trailers, bleachers, soy bean oil, road machinery, cement products, academic apparel, and railroad registers.

TRADE AREA—Retail area has radius of 35 miles, and population of 100,000.

NEWSPAPERS—3 daily and Sunday.

HOTELS—3, with total of 354 rooms.

RAILROADS—4: Illinois Central, Big Four, Wabash, and Illinois Terminal.

HIGHWAYS—U. S. 45 and 150; State 10.

AMUSEMENTS—Largest auditorium in city seats 3,000 persons. 5 moving-picture theatres, with total seating capacity of 7,000 persons. 3 golf courses.

HOSPITALS—1, with 126 beds.

EDUCATION—1 senior high school and 1 junior high school. 3 parochial schools. Number of pupils in public schools, 4,500; in parochial, 350.

PUBLIC LIBRARIES—1, with 33,450 volumes.

CITY STATISTICS—Total street mileage, 92, with 66 miles paved and 1.75 miles under construction. Miles of gas mains, 88; sewers, 130. Number of water meters, 9,392; light meters, 11,800; gas meters, 9,286 (Champaign and Urbana). Capacity of water works, 8,000,000 gallons; daily average pumpage, 2,820,000 gallons; miles of mains, 63.6 (Champaign and Urbana).

### General Review

Champaign originated in 1854, when the Illinois Central Railroad built its main north and south line two miles west of the village of Urbana. The village started at the railroad and was incorporated at that time as the village of West Urbana, its name being changed to Champaign in 1857. In 1860 the village of Champaign was incorporated as a city.

Champaign owes its growth to an act of the legislature in 1867, which awarded the University of Illinois to Champaign County. The steady growth of the University has been reflected in the growth of Champaign. The original location of the University was in Urbana adjacent to Champaign, but due to the expansion of the University, part of its grounds and buildings are on property originally part of Champaign.

Champaign is served directly by the main line of the Illinois Central Railroad; by the Indianapolis-Peoria division of the Big Four; by the Wabash; by the Danville-St. Louis division of the Illinois Terminal (electric) Railroad; and by bus lines, including the Greyhound Line to Chicago, St. Louis, Indianapolis, Peoria and other points.

Three state paved highway routes, Nos. 10, 25 and 39, converge in Champaign, coming from different directions. These routes, and the many paved County highways radiating in all directions, together with excellent transportation facilities offered by rail and bus routes, make Champaign one of the leading down-state traffic centers.

Due to its location in a rich section of east central Illinois and to the large student body attending the University, Champaign has a large retail business. Its stores offer exceptional stocks of merchandise to customers who come from a wide area to shop here. The 1930 U. S. Census of Distribution showed Champaign-Urbana to be the seventh market in the state, with annual sales amounting to more than \$24,000,000. Champaign stores do 75% of this business.

Champaign and Urbana are served jointly by all utilities, and together have one of the finest sanitary districts and sewage-disposal plants anywhere. This plant has been widely copied by other cities.

With the commission form of government, a motorized police department, and its fire department on the platoon system, Champaign is up-to-date and well equipped to handle its City business.

The large stadium and the men's gymnasium of the University being located in Champaign bring the thousands of people who attend athletic events at the University directly to Champaign. The football games in the fall and the basketball games in the spring attract immense crowds from all sections of the state.

The diversified industries of Champaign manufacture road equipment, leather gloves, forgings, portable bleachers, impact registers, wrought-iron fixtures, and machine-shop products.

The Chamber of Commerce Airport furnishes facilities for visitors who travel to and from Champaign, Urbana and the University. This airport is recognized by the Government as safe and properly-equipped.

## URBANA

### Statistical Review

FORM OF GOVERNMENT—Aldermanic.

POPULATION—1930 U. S. Census, 13,060; local estimate at present, 13,500. American-born, 97%.

AREA—9 square miles.

ALTITUDE—743 feet above sea level.

PARKS—4, with total of 102 acres.

ASSESSED VALUATION—\$7,000,000, with \$5.83 per \$100 tax rate.

FINANCIAL FACTS—1 bank, with deposits of \$1,902,000 (June 30, 1938), and resources of \$2,065,000 (June 30, 1938).

CHURCHES—20, representing leading denominations.

INDUSTRY—Chief industries of city and surrounding territory: Agriculture and education. 3 manufacturing establishments, employing total of 500 workers, with principal products as follows: Railroad cars, athletic goods, castings and machinery.

TRADE AREA—Retail area has radius of 35 miles, and population of 100,000.

NEWSPAPERS—1 daily and Sunday.

HOTELS—2, with total of 130 rooms.

RAILROADS—4: New York Central, Wabash, Illinois Central and Illinois Terminal.

HIGHWAYS—U. S. 45 and 150; State 10.

AMUSEMENTS—Largest auditorium in city seats 7,000 persons. 2 moving-picture theatres, with total seating capacity of 1,500 persons. 3 golf courses.

HOSPITALS—5, with total of 600 beds.

EDUCATION—University of Illinois. 9 public schools, including 2 senior high and 1 junior high. 1 parochial school.

CITY STATISTICS—Total street mileage, 90, with 60 miles paved. Miles of sewers, 200. Fire department has 10 men, with 1 station and 7 pieces of motor equipment. Police department has 9 men, with 1 station and 3 pieces of motor equipment. Police Radio Station WAGR.

## General Review

When Champaign County was created in 1833, Urbana was founded as its county seat.

The name of the county and county seat was derived from the city of Urbana, Ohio. The name originated from the word "urbanity." The court house and the county offices were established at Urbana soon after its founding, and the business of Champaign County has been conducted here ever since.

When the legislature of the state of Illinois decided to take advantage of the provisions of the "Morill Act" providing land grants for state institutions of higher learning by creating such an institution for Illinois, the enterprising citizens of Urbana and Champaign County succeeded in locating it permanently at Urbana.

The educational facilities in Urbana commence with the public grade schools, include two modern high schools, and conclude with the University of Illinois. The University campus and adjacent experiment fields consist of 2,642 acres of land, with 90 splendid buildings, an enrollment of 11,500 students, 1,200 professors and instructors, and a large additional staff of employees.

Urbana has won fame as a residential city. Probably no city anywhere has a larger percentage of college-trained citizens. The percentage of illiteracy in Urbana is considerably less than 1%, while 36% of the children of school age are enrolled in the two high schools. Furthermore, fully 85% of the residents of Urbana are home-owners.

Urbana, "the Crossroads of the Corn Belt" has 60 miles of paved streets. All the streets are well lighted by a system of ornamental boulevard lighting standards. Sanitation is unsurpassed, and the water supply comes from deep wells.

Urbana is also a city of parks. While the University campus may be considered one large park, Urbana has a park system of unusual attractiveness. The principal park is Crystal Lake Park, comprising 110 acres of shrubs, oaks, grass and water made easily accessible by beautiful drives and walks. The clear water of the lake affords good boating in summer and skating in winter, while its pavilion, shelter house, modern playground for children, and an outdoor swimming pool bring visitors from many miles away. The other parks, while not so large, are very attractive.

In Urbana 20 churches guide the spiritual welfare of the citizens; the Boy Scouts, Girl Scouts and Camp Fire Girls organizations provide recreation and training for the children, while the Association of Commerce, the Rotary Club, the Exchange Club and the numerous fraternal societies afford means for the practice of good-fellowship characteristic of Urbana.

Although Urbana is outstanding for its civic activities, it is also represented by sound commercial and industrial concerns. No city has more solid financial institutions. Urbana's building and loan associations are among the foremost in the country. Every branch of retail trade is represented among the stores that provide for the wants of the community. Leading manufactured products of Urbana are knock-down bleachers, butter and other dairy products, athletic equipment and supplies, electrical supplies, chemical supplies, paints, castings,

dehorner, cigars, harness, ice cream, burial vaults, mausoleums, high-powered microscopic lenses, scientific instruments, x-ray apparatus and concrete ornaments. Urbana is also the home of Urbana Laboratories, Inc., noted as makers of seed cultures.

In Urbana are located shops of the N. Y. Central Lines, which employ the largest number of men in any single industry of the city.

Urbana possesses very adequate transportation facilities, including the Peoria & Eastern Railway, giving services to the east and west; the branch line of the Wabash running to Sidney, and the Illinois Central affording frequent services to Chicago and to the South. "A train your way every hour of the day" is provided by the Illinois Traction system, with accommodations east and west. Connections are made at Glover by trolley with the Chicago & Eastern Illinois Railroad for Chicago and St. Louis and by bus at Tolono with the main line of the Wabash for St. Louis and Detroit. Three State paved highways and many paved County roads extend in all directions, and bus service is given on all three State highways.

Among other points of interest in Urbana besides the University of Illinois and its many attractions, are the Samuel T. Busey Library, the Outlook Tuberculosis Sanitarium, Cunningham Home for Children, Mercy Hospital, the Margaret Carle Memorial Hospital, one of the most up-to-date sanitary disposal plants in the country, a 110-acre, 18-hole golf course and country club; the Wesley Foundation, the State and Government experiment stations, the Urbana Park Board's \$100,000 outdoor swimming pool, the finest in Illinois, and the \$250,000 First Methodist Episcopal Church.

An authority writes: "Urbana, home of the most important manufacturing plant in Illinois—that plant is the University of Illinois. Its raw materials are youth and ambition. Its product is men and women."

### **Urbana and Champaign—The Home of the University of Illinois**

The home of the University of Illinois is one of the best-known convention communities in the state. Because of the presence of the University here it is estimated that more than 150,000 visitors come here annually to attend conventions of district, state, national and international importance.

CONSULT THE  
**CLASSIFIED BUSINESS DIRECTORY**  
 FOR ANYTHING YOU WISH TO BUY

# CITY DIRECTORY USES

## 1. SALES PROMOTION:

### a. Sales Analysis—

Comparing present amount of business obtained in a given area with possible maximum business in that area. The Householders' Directory shows the classes of business located on a street, in office buildings, in sections of the city, etc. In checking up salesmen's calls on business in an assigned territory the directory presents a picture of how many places have not been reported upon, and shows a ready list of prospects for your goods or service.

### b. Leads—

Determining proper official to approach for sales interview. The alphabetical listing for each business and professional concern, shows the names of the owners, partners or officers.

### c. Selected districts—

Determining parts of city best suited for increasing business. The Householders' Street Directory shows the exact type of business or residences along each street of the city—and shows if the occupant of the home is the owner.

### d. Building mailing lists and direct mail campaigns—

1. **List of local people (Neighborhood List)** within a given radius of Business location. On a city map, draw a circle to include the territory you wish to cover in your neighborhood list. From the map you can obtain the name of each street with intersections in the circle you have drawn. In the Householders' Street Directory you will find the correct name of the occupant at each house, or building on these streets. This will give you a 100% list of the territory desired.
2. **Lists of business houses and the professions**—The business directory at the end of the book classifies every business and profession according to the nature of the business. Complete lists such as doctors, lawyers, printers, garages, auto dealers, furniture stores, contractors, etc., can be found in this classified directory section.
3. **Vocational Lists**—Such as clerks, stenographers, telephone operators, carpenters, salesmen, purchasing agents, laborers, etc. The alphabetical directory shows the occupation of every individual in the city. Run over the alphabetical pages—check marking the persons whose occupation is the one wanted for your list. This will give you a complete and accurate list for the entire city.

## 2. CREDIT:

### a. Verifying customer's statements and information.

### b. Information about customer.

Correct name, address, where employed and wife's name is given in the alphabetical directory for every individual. Whether he rents or owns home is usually shown in the Householders' Directory.

### c. Determining character and stability of applicant for credit.

This directory gives his present occupation and residence. By referring to each yearly edition of the directory for the past few years, it is quickly determined whether the applicant holds the same job and residence, or flits from one job to another and one residence to another. After the new directory is delivered to you keep the old one on file. Never destroy it. You'll find old ones invaluable in checking your past records.

# FOR EVERY BUSINESS

## d. Identifying applicant and applicant's references.

The alphabetical directory gives complete information for each individual. (See Information about customer). The references given by the applicant for credit, can be identified in the same manner—who they are, what position they hold, etc.

## e. Collecting accounts.

Tracing and locating debtor. Locating other members of debtor's family or relatives.

## 3. DELIVERY AND SHIPPING:

### a. Routing—laying out route for delivery.

Use description of streets in the Householders' Street Directory, with an indexed map of the city for locating and laying out delivery route.

### b. Obtaining correct addresses.

Where numbers on shipping instructions are not plain, or only street is given, the correct number can be found in the alphabetical or Householders' Street Directory.

### c. Locating streets, buildings, un-numbered houses.

A full description of every street—with location is given in the Householders' Street Directory. When the address given is an apartment or building without street and number being given, the alphabetical section will give you the correct street and number for that building. Many buildings on streets are not numbered—or badly numbered—making it difficult to find the building wanted. The Householders' Street Directory shows the location of the buildings along the streets.

## 4. PURCHASING:

The complete **classified business section** in the back of this directory, makes available all sources of goods wanted; assists in selection of most reliable and satisfactory firms to deal with; the nearest companies to facilitate delivery of purchases, and determining the proper official of firm to deal with. The standard classified headings are complete and show all firms under the proper headings. There are many special headings marked with an asterisk (\*) showing firms in display type. These firms are progressive and desire a more complete classified representation of their products.

## 5. GENERAL INFORMATION:

The **Alphabetical Directory lists**—Persons' full name and correct spelling, occupation, where employed, street address of residence, if married gives wife's name, head of house or roomer, renting or owns home. Lists all corporations showing officers, all partnerships showing partners, all individual business showing proprietor. All public officers, clubs, associations, etc.

The **Householders' Street Directory** shows every street—a description of its location, all occupants on each street, the ownership of the property and all intersecting cross streets.

The **Classified Business Directory** shows all business in the city arranged under heading most descriptive of the nature of the business.

# When You Want to Know:

—where a person lives.

—what his occupation is.

—who lives at a certain number on a street.

—where a street is located.

—the correct spelling of a name.

—the officers of a corporation.

—the partners in a firm.

—the solution to any of scores of problems that pop  
up unexpectedly to annoy and baffle you.

—YOU CAN QUICKLY FIND THE ANSWER IN  
THE CITY DIRECTORY.

IN THIS DIRECTORY are the names of those people who ACCOMPLISH THINGS and are entitled to favorable consideration, if for no other reason than their public-spirited support of measures which make for progress. They represent that ENERGY AND PUSH so essential to the commercial prosperity of the City, and in dealing with them no mistake will be made. The publishers are honored in thus making them better known to the public.

---Patronize Them

# CITY DIRECTORY USES

## 1. SALES PROMOTION:

### a. Sales Analysis—

Comparing present amount of business obtained in a given area with possible maximum business in that area. The Householders' Directory shows the classes of business located on a street, in office buildings, in sections of the city, etc. In checking up salesmen's calls on business in an assigned territory the directory presents a picture of how many places have not been reported upon, and shows a ready list of prospects for your goods or service.

### b. Leads—

Determining proper official to approach for sales interview. The alphabetical listing for each business and professional concern, shows the names of the owners, partners or officers.

### c. Selected districts—

Determining parts of city best suited for increasing business. The Householders' Street Directory shows the exact type of business or residences along each street of the city—and shows if the occupant of the home is the owner.

### d. Building mailing lists and direct mail campaigns—

1. **List of local people (Neighborhood List)** within a given radius of Business location. On a city map, draw a circle to include the territory you wish to cover in your neighborhood list. From the map you can obtain the name of each street with intersections in the circle you have drawn. In the Householders' Street Directory you will find the correct name of the occupant at each house, or building on these streets. This will give you a 100% list of the territory desired.
2. **Lists of business houses and the professions**—The business directory at the end of the book classifies every business and profession according to the nature of the business. Complete lists such as doctors, lawyers, printers, garages, auto dealers, furniture stores, contractors, etc., can be found in this classified directory section.
3. **Vocational Lists**—Such as clerks, stenographers, telephone operators, carpenters, salesmanagers, purchasing agents, laborers, etc. The alphabetical directory shows the occupation of every individual in the city. Run over the alphabetical pages—check marking the persons whose occupation is the one wanted for your list. This will give you a complete and accurate list for the entire city.

## 2. CREDIT:

### a. Verifying customer's statements and information.

### b. Information about customer.

Correct name, address, where employed and wife's name is given in the alphabetical directory for every individual. Whether he rents or owns home is usually shown in the Householders' Directory.

### c. Determining character and stability of applicant for credit.

This directory gives his present occupation and residence. By referring to each yearly edition of the directory for the past few years, it is quickly determined whether the applicant holds the same job and residence, or flits from one job to another and one residence to another. After the new directory is delivered to you keep the old one on file. Never destroy it. You'll find old ones invaluable in checking your past records.

# FOR EVERY BUSINESS

## d. Identifying applicant and applicant's references.

The alphabetical directory gives complete information for each individual. (See Information about customer). The references given by the applicant for credit, can be identified in the same manner—who they are, what position they hold, etc.

## e. Collecting accounts.

Tracing and locating debtor. Locating other members of debtor's family or relatives.

## 3. DELIVERY AND SHIPPING:

### a. Routing—laying out route for delivery.

Use description of streets in the Householders' Street Directory, with an indexed map of the city for locating and laying out delivery route.

### b. Obtaining correct addresses.

Where numbers on shipping instructions are not plain, or only street is given, the correct number can be found in the alphabetical or Householders' Street Directory.

### c. Locating streets, buildings, un-numbered houses.

A full description of every street—with location is given in the Householders' Street Directory. When the address given is an apartment or building without street and number being given, the alphabetical section will give you the correct street and number for that building. Many buildings on streets are not numbered—or badly numbered—making it difficult to find the building wanted. The Householders' Street Directory shows the location of the buildings along the streets.

## 4. PURCHASING:

The complete classified business section in the back of this directory, makes available all sources of goods wanted; assists in selection of most reliable and satisfactory firms to deal with; the nearest companies to facilitate delivery of purchases, and determining the proper official of firm to deal with. The standard classified headings are complete and show all firms under the proper headings. There are many special headings marked with an asterisk (\*) showing firms in display type. These firms are progressive and desire a more complete classified representation of their products.

## 5. GENERAL INFORMATION:

The Alphabetical Directory lists—Persons' full name and correct spelling, occupation, where employed, street address of residence, if married gives wife's name, head of house or roomer, renting or owns home. Lists all corporations showing officers, all partnerships showing partners, all individual business showing proprietor. All public officers, clubs, associations, etc.

The Householders' Street Directory shows every street—a description of its location, all occupants on each street, the ownership of the property and all intersecting cross streets.

The Classified Business Directory shows all business in the city arranged under heading most descriptive of the nature of the business.

# When You Want to Know:

—where a person lives.

—what his occupation is.

—who lives at a certain number on a street.

—where a street is located.

—the correct spelling of a name.

—the officers of a corporation.

—the partners in a firm.

—the solution to any of scores of problems that pop  
up unexpectedly to annoy and baffle you.

—YOU CAN QUICKLY FIND THE ANSWER IN  
THE CITY DIRECTORY.

# SOCIETY—

may change its manners, its modes, its way of dining, its drink or its degree of politeness but there always remain certain things that simply must be done, and these continue through all the changes that come and go.

Prominent among the necessary things society demands are the social forms such as wedding invitations and announcements, reception and at home cards, birth announcements, sympathy acknowledgment cards, party invitations, name and calling cards and many similar forms.

Custom has established the form for all social items—it remains for the printer to supply fresh styles, new stocks and helpful counsel—that we try to do.

## FLANIGAN-PEARSON'S CHAMPAIGN-URBANA

Directory of Householders, Occupants of Office  
Buildings and Other Business Places,

INCLUDING

A Complete Street and Avenue Guide  
**1939**

Copyright, 1939, by Flanigan-Pearson Co.

In the following list the streets are arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

Numerical Streets are compiled in with Named Streets in their regular Alphabetical order.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The Δ preceding names denotes householders and places of business having telephones.

# When You Want to Know:

- where a person lives.
- what his occupation is.
- who lives at a certain number on a street.
- where a street is located.
- the correct spelling of a name.
- the officers of a corporation.
- the partners in a firm.
- the solution to any of scores of problems that pop up unexpectedly to annoy and baffle you.
- YOU CAN QUICKLY FIND THE ANSWER IN THE CITY DIRECTORY.

# TODAY'S OFFICE—

---

for its furniture and equipment, follows the trend to steel. Just as railroads, the automotive industry, mining and many different factories have found in steel the perfect material for many parts and fixtures; just as the use of steel in industry has reduced costs and added convenience, safety and durability; so today's modern office, geared to the highest efficiency known to man, finds in steel a service and satisfaction not found in other materials.

Desks, designed in several styles and grained in many finishes, present a dignified appeal and retain their warm luster and smooth beauty through years of service.

Filing cabinets and equipment are presented in sizes and styles that fit every need. For appearance, strength, rigidity, ease and quietness of operation, utility, and maximum filing capacity with economy of floor space, steel filing equipment is unequalled.

Shelving, bins, counters, cabinets, wardrobes, lockers— if it's made or needed it is best made of steel.

You need buy only once if you start with steel—prices prove **lower** than wood or other materials—and the added pleasure and convenience cost you nothing.

Consult us about office equipment needs.

Telephone 3994

# SOCIETY—

may change its manners, its modes, its way of dining, its drink or its degree of politeness but there always remain certain things that simply must be done, and these continue through all the changes that come and go.

Prominent among the necessary things society demands are the social forms such as wedding invitations and announcements, reception and at home cards, birth announcements, sympathy acknowledgment cards, party invitations, name and calling cards and many similar forms.

Custom has established the form for all social items—it remains for the printer to supply fresh styles, new stocks and helpful counsel—that we try to do.

# Over Half a Century of Service

For more than half a century our records have served the people of Champaign County. Throughout all these years, daily postings have kept our abstract records completely and accurately up-to-date.

ABSTRACTS OF TITLE and Title Searches, prepared in modern and approved forms from these records will protect your titles and safeguard your investments. Every abstract of title prepared through our facilities is accurate, reliable and merchantable.

WE ARE OWNERS of several sets of abstract records, the only complete set of Abstract Records in existence in Champaign County. We are members of the Illinois Title Association and of the American Title Association.

## Title Guarantee Insurance

The personnel of this organization are all residents of Champaign County, Illinois, having been born, reared, and educated in this community, and are primarily concerned that its clientele receive the highest degree of title service, which is possible to render.
